

# The Monterey Credenza

By

Vinotheque Wine Cellars

**The Monterey credenza** offers the efficiency of our traditional cabinets, the contemporary look of a credenza with the elegance of a finely crafted piece of furniture. This four-door unit has the capacity of 252 bottles in traditional racking. It is the only QT series credenza on the market and offers efficient cooling and humidity maintenance with the quietness of the QT cold plate evaporator system. The credenza comes with raised mouldings around the interior door panels as well as side panel and base mouldings to create an elegant statement of wine collecting.

## Options:

The customer can choose from any of the following door styles.

Raised Panel solid doors

Window Doors

Combination Doors

### Bird's Eye Maple Inlay:

We offer Bird's eye inlays for door and side panels as well as counter top inlays. The exquisite look of Bird's eye maple offers a remarkable look and feel.

**Granite top:** The option of granite top on this credenza will provide a spectacular impression.

**Custom woods:** We offer the Monterey credenza series in the popular hardwoods of Cherry, Maple, Honduran Mahogany, Black Walnut, many other woods are also available.

**Sliding shelves:** This new option offers both ease of access and display capability. Sliding shelves are designed to cradle each bottle individually while offering convenient access to any wine in the cabinet. The shelves also allow collections to be consolidated and displayed in various groups within the cabinet.
