

# Vancouver Series

By

Vinotheque Wine Cellars

The Vancouver series offers style and sophistication in wine storage. Inspired by the beauty and charm of our neighbors to the north, this design incorporates mid-length arched windows, highlighted with elegantly styled windowpanes with a solid look and feel of a traditional armoire. Columns of fluted hardwood are accented at top and bottom with mouldings, which enhance this majestic look. Available exclusively in the 550 and 700 series cabinets, this offering is sure to take wine storage to a new level of style and function
